

Audi RS 6 Avant (C8)

Product Name: **Downpipe / Link pipe set (SS)**

Product code: **DP/L-AU/SS/1**

Approval: W/O

MSRP ex. VAT: 4.355,00 €

INFO

Downpipe / Link pipe set (SS) was tested and developed

together with Evolution Line (Titanium) system.

If the Evolution Line exhaust system is combined with the Downpipe / Link pipe set (SS), the link pipe set L-AU/SS/6 is not needed.

When combined with the Evolution Line (Titanium) exhaust system the addition of the optional stainless steel Downpipe / Link pipe set (SS) will deliver a unique sound experience: from a low-down rumble to a strong mid-range V8 character and high frequency top end with the recognisable Akrapovič racing sound. The stainless steel downpipes, with sporty 200 cpsi catalytic converters, are insulated to prevent overheating the surrounding parts, and the stainless steel link pipes that have been developed to fit on Akrapovič downpipes feature custom made flex tubes and full insulation where they connect to the downpipes.

The fitting of this optional product will cancel ECE type approval for the Evolution Line (Titanium) exhaust system and remapping the ECU is mandatory.

THIS PRODUCT DOES NOT MEET EMISSION COMPLIANCE REQUIREMENTS FOR STREET OR HIGHWAY USE.
