### INFO

---

Skilfully handmade by the experienced workers in the Akrapovič carbon fibre department, this optional carbon fibre diffuser shows off the Evolution Line (Titanium) exhaust system to its full extent and is the perfect accompaniment to the stunning carbon fibre tailpipes. The diffuser's new design is fully tailored to the car's lines, giving it a powerful presence.

Fitment notice: With Akrapovič diffuser, hands-free trunk-lid opening/closing sensor is not working.
