

BMW M4 (F82, F83) - OPF/GPF

Product Name: **Slip-On line (Titanium)**

Product code: **S-BM/T/4H**

Approval: ECE

MSRP ex. VAT: 3.950,00 €

INFO

Constructed from lightweight high-grade titanium – with complex parts made in Akrapovič's in-house foundry – the Slip-On Line provides over 45 % weight saving over the stock system. It is fully ECE compliant. The system is tuned to provide a perfect sound accompaniment inside as well as outside the car's cabin and is perfectly finished with hand-crafted carbon-fibre tailpipes to offer a beautiful visual appeal. To set off the system to its visual best, optional carbon-fibre diffusers and mirror caps are also available.

The optional Akrapovič Sound Kit (P-HF1194) is also available. If upgrading the slip-on system with evolution link pipe, the optional Akrapovič Sound Kit P-HF1194 is not needed - specially developed Akrapovič Sound Kit is already included within the evolution link pipe set. With the use of optional Akrapovič Sound Kit, the ECE homologation is not valid anymore.

For installing the slip-on system, the stock exhaust system has to be cut. Please read the instructions carefully before the start of the installation.
