INFO

The tailpipes are the most visible part of the exhaust system, and that's why we dedicate particular attention to them at Akrapovič. In order to satisfy the most discriminating tastes, we've created handcrafted carbon fibre tailpipes. To make our tailpipes stand out from the rest even more, in addition to selecting the finest materials, we also made them larger.

The taipipes can only be mounted together wth Akrapovič slip-on or evolution system.
