

Lamborghini Aventador LP 700-4 Coupé/Roadster

Product Name: **Link pipe set (Inconel)**

Product code: **L-LA/T/1**

Approval: W/O

MSRP ex. VAT: 3.710,00 €

INFO

This set of high-quality, lightweight link pipes is offered as an option for the Lamborghini Aventador to further enhance the performance of this stunning car. Manufactured from Inconel, the link pipes are designed to utilize the Akrapovič Slip-On system. When installed with the Slip-On system, these pipes will increase power, reduce the weight by over 50% from the stock setup, and add even more V12-Grand Prix Racing sound enjoyment. Designed with insulating material to prevent heat transfer from the exhaust area, the addition of catless link pipes will require remapping the ECU.

When installing Akrapovič aftermarket optional link pipes with sports catalytic converters or without catalytic converters, which are developed for use on closed tracks only, remapping the ECU is mandatory.

THIS PRODUCT DOES NOT MEET EMISSION COMPLIANCE REQUIREMENTS FOR STREET OR HIGHWAY USE.
