

# Porsche 911 Carrera /S/4/4S/GTS (991.2)

Product Name: **Slip-On Line (Titanium) - for OE non sport exhaust**

Product code: **S-P0/TI/5H**

Approval: ECE

**MSRP ex. VAT: 4.676,81 €**

## INFO

Built from high-grade, heat-resistant, ultra-lightweight titanium alloys - which are sandblasted and coated for durability - the Slip-On Line is the first step in exhaust modification. Delivering weight savings in excess of 35% over stock, while increasing performance, the exhaust uses the latest innovative technologies in its construction, including parts cast in Akrapovič's in-house foundry. It is perfectly tuned to give a unique sound to the turbocharged boxer engine and is finished with two beautiful tailpipes to add to the aesthetic pleasure.

Fitment notice:

The system is designed to replace the Porsche non sport standard exhaust system without valves and has to be installed together with Akrapovič Link Pipe Set w Cat, Rear Carbon fiber diffuser, Akrapovič Sound Kit and certain Porsche original parts that are specified in installation manual (page 85). In case the vehicle is equipped with non sport system with valves, then the Sound Kit is not needed. Please read the instructions carefully before the start of the installation.

This system does not fit on vehicles equipped with Otto particulate filter (OPF).
