

Porsche Panamera Turbo (970 FL)

Product Name: **Evolution Line (Titanium)**

Product code: **S-P0970E2**

Approval: W/O

MSRP ex. VAT: 5.681,64 €

INFO

Using experience gained when creating the first system for the Panamera Turbo, we made this new system noticeably louder with a deep, aggressive sound that fully expresses the racing oriented nature of this new exhaust. This complete, beautifully crafted titanium system consists of four round tailpipes, computer-optimised asymmetrical mufflers with a dual-mode exhaust valve system, and a link pipe with a resonator to eliminate any chance of in-cabin droning. By using the optional Akrapovic sound kit, the driver can choose between a loud racy sound or a quieter note for long-distance driving. The dual-mode performance exhaust system can be used with the factory button. This Evolution system also adds more power and torque, improves power distribution, and also reduces weight.

This product will not fit on Executive models. THIS PRODUCT DOES NOT MEET EMISSION COMPLIANCE REQUIREMENTS FOR STREET OR HIGHWAY USE.
